BITS AND PIECES

STUDENT INFORMATION

NZ Black Caps- Best cricket team in the World Cup!

Week Five- Graduation

Next week is week five of this module, and the following week is a break week for all students.

There is one class out in clinical, and two in class. The graduation for some of the December and February graduates is also this Monday at 3pm. If you wish to attend please let Niki know for seating and catering numbers.

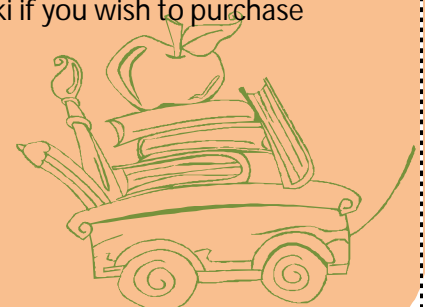

If you need to see Sonny, Bernard or Marie, please ensure that you do so in a break time or after class. Leaving the class during teaching time is like wandering off when you are meant to be working.

Photocopying: It has been decided that too many students were abusing the privilege of having photocopying done. Therefore, if you need any photocopying done for class, please ask your tutor. If it for research, you can get a temporary number for the photocopier from Bernard. All personal photocopying should be done at your own expense (you could do it at the library).

Clinical Absence numbers: We are collecting the preferred methods of facilities for contacting them if you are sick during clinical. These will be available in your clinical packs for next experience.

Uniform: From the next clinical, we will be moving to a new uniform for all new students. Also there is a black winter jacket available for purchase which you can wear in class/clinical. It will be the only garment you will be permitted to wear over your clinical uniform top (no hoodies etc.). The cost is \$40, it is wind proof, rain resistant, breathable and fleecy lined.

Please see Niki if you wish to purchase one.

REMINDERS

We have regular Q and A sessions with management, so don't forget to ask those important questions!

What's on in Auckland this weekend?

- Marie's Pick

International Cricket World Cup

Ok, so you're probably not really into cricket, but sitting at Britomart in front of the big screen watching NZ play Australia in the cricket world cup is one of the Kiwi national pastimes. Especially if NZ win!

Chinese Lantern Festival

You may have noticed all the people around Albert Park. The Lantern festival kicks off tonight at dusk with free crowds and food for sale. Definitely worth a look, but can get quite crowded.

Fashion Queen:

Below is our very own Hannah as a finalist in the fashion at the races at Matamata. Her dress is completely made of race tickets!
